Informational flier for Mountain Rescue ČR, o.p.s.

Dear visitors to our mountains,

Mountain Rescue ČR, o.p.s. welcomes you to our gorgeous mountains and wishes you a pleasant vacation, without any injuries. In case you need the assistance of Czech Mountain Rescue, please keep the following information in mind:

- Since Dec. 21, 2004, Mountain Rescue has been a non-profit organization, established by the Ministry for Regional Development. Mountain Rescue ČR is not a medical institution and its employees are not medical workers – therefore the international agreement on free medical care does not apply. The European Health Insurance Card is also not valid in this case.
- It is necessary to have valid travel insurance from a commercial insurance company, and this applies for any action taken by Mountain Rescue - not only for treatment, but also for search and rescue operations, transportation, etc.
- Members of Mountain Rescue ČR do not collect any payment for their actions in cash. You will receive an invoice from the company MedJurist CZ, s.r.o., with which Mountain Rescue ČR has a valid contract to provide comprehensive services for the recovery of debts from the third party for whose benefit Mountain Rescue ČR acted. If you are commercially insured, please transfer the invoice to your insurance company.
- If you have any questions or concerns about an action taken by Mountain Rescue ČR or about an invoice, please send them directly to: medjurist@email.cz
- A valid price list and other information can also be found at: www.horskaslužba.cz , www.anwalt-in-stuttgart.de

We hope you have a pleasant vacation in the mountains, and will visit the Czech Republic again in the future.
